Course Outline

The M. Sc. / P.Grad. Dip. in Specialist Nursing - Emergency Department is designed to provide the student with the appropriate level of knowledge, clinical expertise and technical skills necessary to function as a competent, effective and caring practitioner. There is a strong commitment to research based practice, and a focus on the development and integration of theoretical knowledge and clinical experience.

Structure and Delivery

Year One: commences with a full week in September and thereafter one day per week for the remainder of the academic year.

Year Two: attendance at workshops throughout the academic year. The course is offered on a two year part-time basis.

Clinical Placements and Student Support

Each student will receive a planned clinical placement timetable for the duration of the course. During the course educational and clinical facilitators will offer personal and professional support to each student. This course includes clinical and practice based teaching, learning and assessment and students may be required to attend additional sessions at associated service provider sites as well as at the student's practice base during year one of the course.

Modules

Year 1 Modules
